

TRANSPORTATION FACULTY SEARCH

University of Maryland, Department of Civil and Environmental Engineering (<http://www.civil.umd.edu/>) seeks applicants for a tenure-track position in the transportation area at the assistant professor level. Candidates are expected to possess strong academic teaching skills, to demonstrate cutting edge scholarly research, and to obtain funding from competitive external funding agencies. All areas of transportation engineering and planning will be considered, but candidates with experience in traffic operations and safety are especially encouraged to apply.

All applicants must hold a PhD in Civil Engineering or related field by August 2008.

For best consideration applications should be received by January 7, 2008. Applications should include a cover letter, curriculum vitae, statement of research and teaching interests, and four names of references with contact information, all as a single document attachment labeled “LastName_FirstName_UMDT_Search08.pdf”.

Applications and questions should be referred to:

Professor Paul Schonfeld

Dept. of Civil and Environmental Engineering
